### WHY CHOOSE THE ECO-STAR?

The ECO-Star (EC-130) made by American Eurocopter is the safest and most comfortable tourism based helicopter in the world.

**SEATING & WINDOWS**  
The ECO-Star features a 23% larger cabin than the common A-Star model. Wraparound windows throughout provide superior external visibility for guests aboard the ECO-Star.

**TAIL SECTION**  
The ECO-Star's low noise Fenestron Tail Rotor reduces outside noise by 50%; enhancing the customer experience and limiting the effects on nature's habitats with a low carbon footprint.
